Dear Jim and Chris

We have just completed an insurance review with AON. The result of this review is a substantial saving on our insurance cost even though we have increased the level of cover in certain areas. The saving made this year alone has covered our subscription to the HBP for a number of years to come.

I would like to thank HBP for the referral and would recommend other companies on the Hainault Business Park to seek a similar review of their insurance requirement.

Regards

Bob Lock
