

## *national **first aid** training*

*national **first aid** training* has a highly experienced and dedicated team of medical instructors, specialising in training packages for all companies both large and small.

We can accommodate training for 1 person upwards to suit all your requirements  
All our instructors are HSE approved and are regularly monitored.

Courses can be delivered either in the comfort of your own environment for 6 or more persons or any number at our training centre in Hainault.

- **Schools First Aid Training - ( 1 Day )**

Suitable for Teacher and School Ancillary Staff

The course covers Emergency situations common in the school environment.

The certification is valid for 3 years, issued on successful completion of assessment.

- **First Aid at Work (4 Day)**

Designed for anyone over 16 years of age that will be a nominated First Aider in the workplace.  
This course meets the requirements of the HSE and is valid for three years

- **Appointed Person Course (1 Day)**

This introductory level course is suitable for most low-risk employers in meeting their legal obligations for minimum first aid provision in the workplace.

- **Paediatric (2 Day) Pre-School, Nursery**

This course is ideal for staff in nursery schools, pre-schools, day-care centres, crèches, playgroups and holiday clubs, as well as for childminders. It is approved by the National Child Minders Association and the Pre School Learning Alliance, and meets the OFSTED registration requirements and evidence for NVQs. On completion students are awarded a Paediatric First Aid Certificate, valid for 3 years

- **Auto Defibrillation (1Day)**

Early access to a defibrillator is a key step in the chain of survival. Candidates require a current first-aid certificate.

Other courses available include Refresher, Schools First Aid, Sports Medic etc

*Bespoke Courses available on request*
